

- \* Auto tune with side panel search coils.
- \* No Walk bridge enables high throughput
- \* Highly sensitive for weapon search.

**Technical Specification**

Format	: Side Panels without base bridge
Constructions	: Summica finished wooden frame
Technology	: Auto tune digital Microprocessor
Outer dimension	: 220x85cm
Clearance	: 210x75cm
Panel dimension	: 220x50x5cm
Power	: 220 V AC mains
Detection Level	: 16 levels to indicate the volume of metal passing
Sensitivity	: 16 levels
Alarm	: Audio alarm on all metals Ferrous and non-ferrous
Environmental	: -10 C to +50 C Up to 95% RH
Weight	: 70 Kg.
Optional extra	: Traffic Counter Battery back up Multi tone
