Fingerprint Identification Time & Attendance Recorder

The Latest Fingerprint Recognition Technology

- ★ High Capacity & speed: Attendance recording within 1.8s for 1,000 persons or less
- ★ An indispensable tool for staff management: Ideal solution for Time & Attendance recording
- Expertise in Business Time- Keeping Solutions Satisfaction Guaranteed
- Easy & Efficient Staff Management at your fingertips

T-7

Fingerprint Identification Time & Attendance Recorder

Key Features:

- ▶ 3,000 fingerprints / 80,000 Transactions;
- ▶ 1:1 Authentication and 1:N Identification;
- ▶ Standalone/Network communication via TCP/IP, USB, RS232C, RS485 & Weigand 26 bit
- ▶ Up to 3 fingerprint Templates per registration;
- ▶ Password Entry Available;
- ▶ Protection from Scratch and ESD (Electro Static Discharge);
- ▶ High Quality Optical Sensor
- ▶ Built in Battery backup
- ▶ Built in EM Card Reader

Applicable To :

Office of all size, shopping arcades, financial institutions, companies of any nature, factories, government and official institutions, etc. which require staff time and attendance recording solution for less than 3,000 persons.

Technical Specifications:

• Fingerprint Template Compacity	3,000
• Transaction Capacity	80,000
• Verification Mode	1:1 or 1:N
• Communication	TCP/IP, USB, RS232C, RS485 & Weigand 26 bit
• Keyboard and Display	128 x 64 LCD; with blue backlight and 16-key keypad
• Power Supply	9 V DC; Standby Current: 2.5A; Operating Current: 400mA
• Identification speed	< 2 seconds
• FRR (False Rejection Ratio)	< 0.01%
• FAR (False Acceptance Ratio)	< 0.0001%
• Operating Environment	Temperature: 0°C-50°C, Humidity: 20%-80%
• Language Support	English
• Dimension	180(L) x 137(W) x50(H)mm
• Data Backup	USB Fingerprint template
• Battery Backup	Built in 7200 mAh
• Card Reader	EM Card reader, Built in
